

THINKING ABOUT REMODELING?

THINKING ABOUT REMODELING? START HERE

If you own a home, no matter what its age, sooner or later you may join the millions of people who remodel their homes each year. Perhaps it was that moment when you realized that avocado green and harvest gold are no longer the "in" colors for today's trendy kitchens. Or maybe you had an epiphany one day as you stood in line to use your own bathroom. Whatever the impetus, the thought has crossed your mind: Maybe it's time to remodel. The reasons for remodeling are as varied as the projects we undertake.

Some of these include:

- Adding more space
- Upgrading cabinets, counters, appliances, and fixtures. Creating a floor plan that's customized for your lifestyle
- Improving energy efficiency with new windows, doors, insulation, and climate control systems
- Increasing the resale value of your home

Where to Begin

The first step is to develop an idea of what you want to do. Write a prioritized list of your needs and wants. Look at magazines and Web sites and collect pictures of what you like. The more clearly you can envision the project and describe it on paper, the better prepared you'll be in making your decision.

Think about traffic patterns, furniture size and placement, colors, lighting and how you expect to use the remodeled space. If your decision to remodel involves creating better access for someone with limited mobility, you may want to consider contacting a [Certified Aging-in-Place Specialist](#).
